

I am writing you to let you know I think that allowing LPFM stations to take priority over current FM stations is a bad idea. I listen to K-Love radio station 90.9 FM here in Cheyenne. It is an encouraging and uplifting part of my day. I am a homeschooling Mom of three and babysit a 9 month old so I am at home alot. K-Love ministers to not only me and my three girls but also to my husband, who drives most of the day for his job. There would be a gaping hole left if K-Love were to be displaced by a LPFM station. This station ministers to hurting people and lets the community know there is hope for them in Jesus Christ.

I believe the service provided by K-Love is in the public's interest because people need to be encouraged and told they are important and loved by the God that created them. They also need to hear the truth about the sacrifice Jesus Christ made for them so they wouldn't have to spend eternity in hell.
